

NEWS RELEASE

Release: Immediate

**Contact: Stephanie Hutton, Executive Director
Polk County Builders Association (PCBA) (863) 665-0844**

The Peace River Chapter of the (BOAF) Building Officials Association of Florida partners with The (PCBA) Polk County Builders Association Foundation with their check for \$2,000.00 towards Future Builders of America (FBA) scholarships.

The PCBA Foundation is delighted to partner with the BOAF and looks forward to the presentation of scholarships at the upcoming 15th Annual Awards Dinner honoring scholarship and Blueprint and Model Competition winners.

The Mission of the BOAF is to provide for the safety, health and welfare of the citizens of the State of Florida; through the education, development, maintenance and enforcement of building codes using unified strength and resources to attain a thriving business, community and association environment.

BOAF is committed to offering outstanding training and educational opportunities in order to facilitate the uniform interpretation and application of the codes across the State. This is accomplished through our certification program, Annual Educational Conference & Trade Expo and our local seminars.

Chartered by the National Association of Home Builders in 1952, the Polk County Builders Association is a construction industry organization comprised of builder and associate members. PCBA promotes quality and affordable housing for the citizens of Polk County while creating a favorable and prosperous business climate for its members.

The mission of the PCBA Foundation is to engage in housing-related educational and charitable activities, including, but not limited to, assisting persons in understanding and pursuing rewarding careers in home building and related trades; and giving back to the community through the donation of gifts and services to worthy causes.
